*Leominster High School  
Leominster, Ma. 01453*

**Remember your first day of high school?**

Scared stiff, you wanted the floor to swallow you up; you hoped your clothes weren't too conspicuous and you desperately wanted to lose yourself in the crowd. Unfortunately, at L.H.S. it was all too easy to get lost in the chaos . . . get lost in the building . . . get lost in the bureaucracy . . . and it wasn't easy to be outstanding.

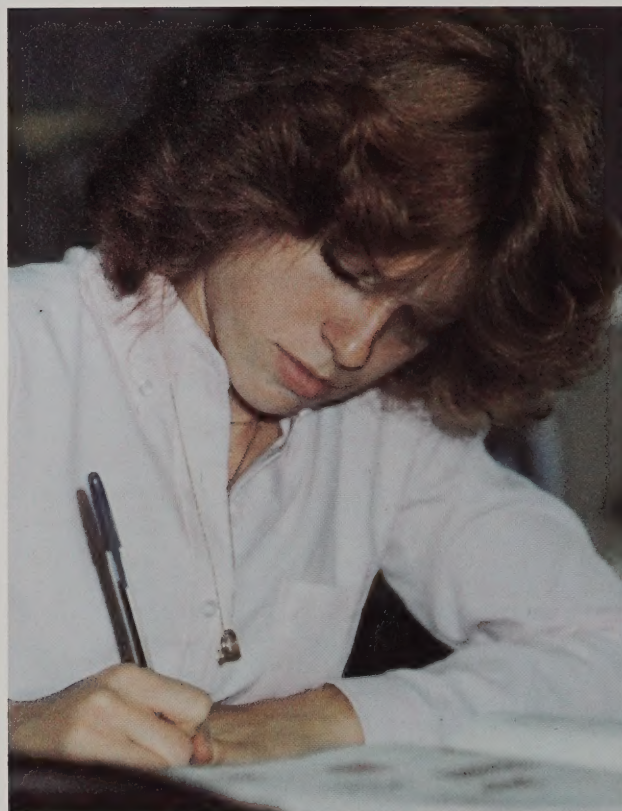

However, somehow during the next four years it became very important to be noticed. We began to discover ourselves as well as the rowdies. This mild insanity became typical of our class.

Whoever said our class lacked spirit was simply not looking far enough. They were missing that unique individual spirit that we all possess. We do have a certain spirit, a daring--- a **daring to be different** that makes us stand out above all others. This memento will help you to recognize this spirit in us, the class of 1981.

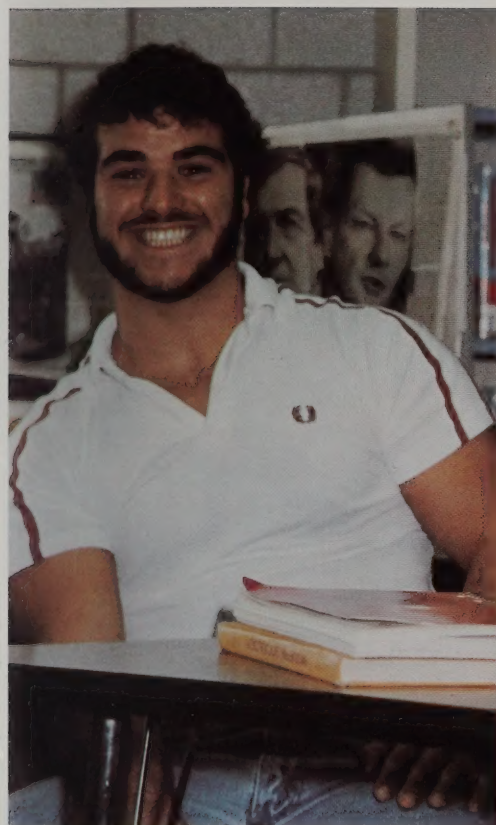

As we prepare to say goodbye to L.H.S., let us look through these pages and remember that special spirit which unites us now and forever.

PRINCIPAL

To the Graduates of the Class of 1981

The class of 1981 has distinguished itself in many ways. Several members of the class have recorded significant academic accomplishments. Others have achieved distinction on the athletic field, in the arts, and in student government. I expect that this record of accomplishment will continue in the years to come.

Your class has contributed greatly to the regeneration of school spirit and pride at Leominster High School. Your leadership and energetic support for school activities has helped to revitalize student interest and involvement in those activities. Your commitment to the fundamental ideal of scholarship, upon which all education is based, will serve as a beacon to future graduating classes.

Congratulations and best wishes for success in your future endeavors.

Dr. J. Dennis Moore, ED. D.

Congratulations to the Class of 1981! You have accomplished a great deal in the four years you have been here.

Hopefully, what you have learned should help you cope with whatever situations you will have to deal with in the future.

If I can be of any help in the future don't hesitate to call. Keep in touch and good luck.

To the Class of 1981:

It would be conventional if I were to wish you success upon your graduation. However, I would like to wish you something that is more difficult to come by — meaning in your life; and meaning is not something you stumble across, like the answer to a riddle. Meaning is something you build into your life — out of your past, your affections and loyalties, your own talent and understandings, the things you believe in, the things and people you love, the values for which you are willing to sacrifice something. The ingredients are there for each of you. You are the only one who can put them together into that unique pattern that will be your life. Let it be a life that has dignity and meaning for you. If it does, then the particular balance of success or failure is of less account.

**SENIORS**

**ANDREW MAXFIELD:** 9 Gardner Place; member of the Chess Club. Interests include drawing and astronomy. Future plans: Technical School, Computer Programming

**A class is** not built in four years, it develops as time goes on, gathering new members and leaving behind others. As an integral part of the senior class and a new member of the chess team, Andrew Maxfield has grown with us through our first three years and at last has been able to join us in these hallowed halls of good 'ole LHS.

Daring to be Different, to overcome many obstacles has been chosen as our theme. To you, Andrew, we tip our hats, for you have overcome many obstacles on your way to graduation.

For this we welcome you, salute you, and wish you the best in the years ahead.

Advisors: **Mary Beth Wheeler**  
**Scott Hay**

***Dear Graduates,***

1981 seemed so far away when you began your years here at L.H.S! It's hard to believe that this segment of your lives is now just a memory. We hope you will think back upon your high school days with happy thoughts, remembering good friends, good times, academic challenges, and personal achievements.

As your advisors, this has been **our** class too. We have shared the good times as well as the bad with you. Most importantly, we have shared a part of your lives with you and we, too, have memories that will be with us always.

In wishing you the best for the future, we hope that you can grow in peace and in love and that you continue to build your lives upon the high ideals and values that have made you, the Class of 1981, special to us.

# Senior Class Officers

**As freshmen**, our class was forced to overcome many obstacles that stood in the way of receiving a well-rounded education. Due to double-sessions, we were separated from the upperclassmen. Leominster High seemed to lack the pride and unity that is essential during the high school years.

Sophomore year was an eventful one that brought upon us many changes. We witnessed the completion of the new addition. Although it had many flaws, we were grateful to attend school on a normal schedule. It was also a new experience to be with upperclassmen. We united on several occasions such as the student walkout, which was the result of an unsettled teacher contract dispute. Because of this, teacher morale was low at a time when our class was in desperate need of support.

Fortunately, our junior year was full of positive changes, including a new principal. Although strict rules were enforced and privileges for us seemed few, we enjoyed the many extra-curricular activities that the Senior Class revived. We didn't hesitate to occupy the designated court yards once the Seniors were gone, for we were all overly anxious to become the next proud Senior Class.

It is amazing how far the Class of "81" has come in the past four years. We have gained the reputation of being a special and unique class whose footsteps will be hard to follow. Not only have we matured individually, but also as a whole. Senior year has been productive and we have managed to carry on the many traditions at L.H.S. with great success. This last year is passing more quickly than expected, with "Senioritis" setting in extra early. Yet, before we know it, the diploma will be in hand and we will seek to achieve our foremost goals and dreams. Hopefully, the strong bonds of love and friendship that have developed over the years will never be broken. Yet, this is an inevitable occurrence. For each individual must travel his or her own path, acquire new skills, build new friendships, and in essence - begin a whole new life.

I would like to thank all of you for your support. I wish you good health, happiness, and peace in the years to come!

Sincerely,

*Jennifer L. Cornacchia*

## IMAGINE

Imagine there's no heaven  
It's easy if you try  
No hell below us  
Above us only sky  
Imagine all the people living for  
today  
Ah.

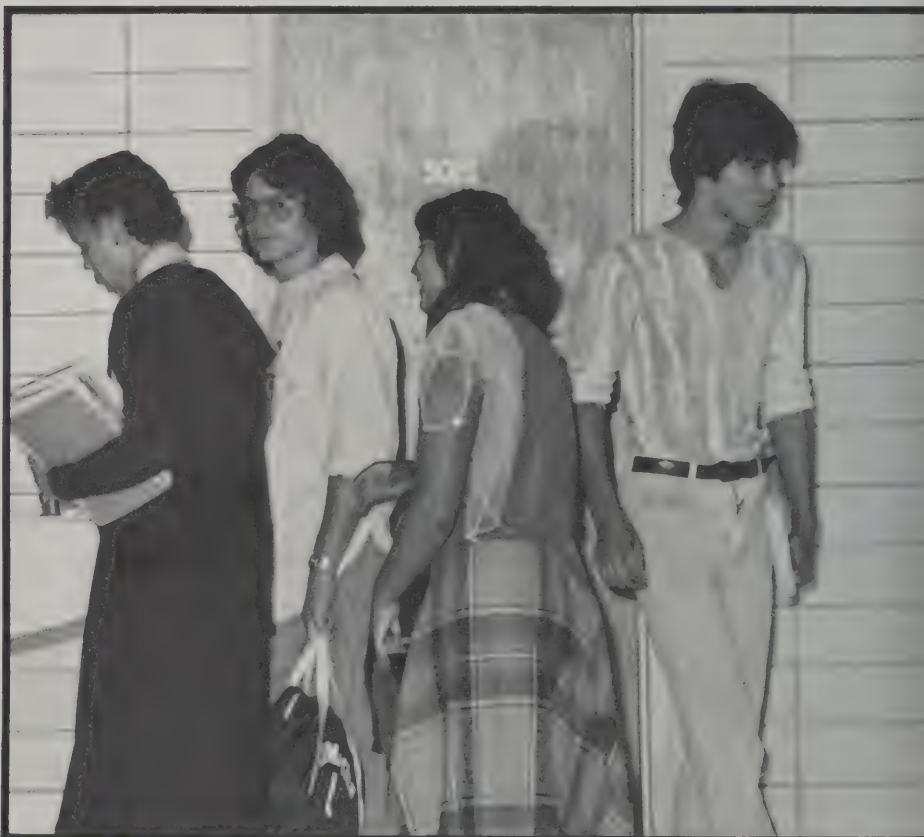

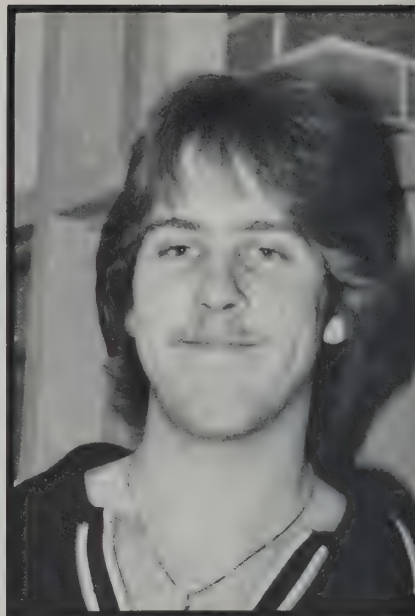

Imagine all the countries  
It isn't hard to do  
Nothing to kill or die for  
And no religion too  
Imagine all the people living life in  
peace.

You, you may say I'm a dreamer  
But I'm not the only one  
I hope some day you'll join us  
And the world will be as one.

Imagine no possessions  
I wonder if you can  
No need for greed or hunger  
A brotherhood of man  
Imagine all the people  
Sharin' all the world.

You, you may say I'm a dreamer  
But I'm not the only one  
I hope some day you'll join us  
And with world will live as one.

## SPECIAL NEEDS

You have seen the corner classroom on the first floor known as the special needs room and you have seen its students, but have you every really wondered what goes on in that little room on the first floor? The four students in the class have some form of retardation, but does this stop them? Not at all! Teacher Kathy Riordan and her assistant Grace Fallavallita teach their students some of the very things that we take for granted. They learn functional academics, socialization skills, activities for daily living, pre- vocational skills, art, music, and gym.

The class is one learning experience after another. On Tuesdays the class travels to Victory Market where they go shopping and on Wednesdays they go to a workshop where they perform duties which will prepare them for jobs in the future. Holidays, too are a special time for these students. This is when they either put on a meal, hold a bake sale or just show everyone that holidays are a time for happiness and joy. These four students have indeed proven to be special in their own way.

#### Dedication: Mr. Howard Hatch

We, the class of 1981 dedicate our yearbook to a man who has worked continuously for our school for 23 years. Many times his work went unnoticed; however, now that is behind him because he will receive the recognition which he deserves.

He has gone from a class room to an office, from an inexperienced teacher to a prominent figure of a superb office staff. He has had our cars brought into the automotive shop, never once complaining because of the backlog it might cause.

Four years ago he looked at the incoming freshmen and smiled, making us feel as though we belonged. Even now when he smiles we forget the hard climb and work it took to become number one. However, we did it and we thank him now for helping to mold us into mature adults and never losing faith in us.

In Memorium To: Mr. Algidio Membrino

The graduating class of 1981 wishes to share this special moment of our life with a well respected teacher who retired in 1980 after 26 years of service to our school. We only spent 3 years together, but in those 3 years a special bond was formed, not that of an adult to a teenager, but that of one friend to another friend.

At first we were wary of the attempted friendship; however, that changed when he proved that we could really trust him. In the 3 years we were with him, never once did he refuse to lend a student lunch money. He taught the students in the machine shop not only the skills they needed, but he taught them to respect themselves and everyone around them. He was strict in the shop and related class, but only because he cared and did not want to see anyone get hurt if it could be prevented. His students were not the only people he cared about, he cared about every student that walked through those L.T.H.S. doors.

We never had the chance to thank him, and he never had the chance to see us graduate; however; now we want to say . . . thank you - Mr. Algidio Membrino.

Mr. Robert Archibald

#### To the Class of 1981

As you reach this plateau in your life and enter the world of work or further education, the day will come when your memories of your high school years all seem good. The skills and attitudes acquired will be with you forever. Build on them, modify or mold them to fit the changing culture you are now entering. If you approach every new task or plateau knowing that you did your best, you will experience the same success you had during your high school years.

Mr. Robert Hemenway

Congratulations to the Class of 1981. It has been a pleasure working with the senior class, and I wish you all the success and happiness as you strive to reach your goals in life.

**The 1980 Varsity Soccer team** under the leadership of Coach Emile Johnson Jr. once again had a successful season. Within The Central Massachusetts Conference the Blue Devils achieved a 9-0-1 record, clinching the Central Mass. Conference Championship. With this Championship the team earned the right to participate in District 3 tournament play for the 14th straight year. The team compiled an impressive overall record of 16-2-1. The tri-captains of this year's team were A.J. Caron, Dave Gaudet and Ed Blue.

Deep appreciation from the team is extended to the faithful cheerleading squad that loyally supported the team at every game.

# Activities

**The 1980 Turkey Day Rally** was truly one of the most exciting events to be seen this year. Under the direction of Maria Voyles and Danny Kline, the theme "That's Incredible" was revealed to the boisterous crowd, and that's exactly what the rally was - INCREDIBLE!

Highlights of the rally included the male cheerleaders, who gave us some laughs with their "shapely" bodies and witty remarks, and the Blue Devil and Red Raider battle. When these two foes met, the devil made the raider "Bite the Dust" to the strains of "Sweet Home Alabama." Last but not least, the L.H.S. imitation football players burst on the scene and strutted their stuff to the tune, "Ain't No Stopping Us Now." The laughs continued as the football player skits got underway.

Just before the christmas holidays, 22 youngsters ranging in ages from 2-5, were seen walking timidly along the crowded halls of LHS accompanied by members of the Child Growth and Development class. This class is led by Miss Frasier and Miss Styrna who were responsible for arranging the "Day Care Day."

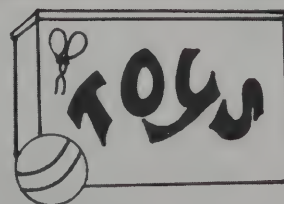

A nursery school atmosphere was created in order to give the students practical experience with children, as well as experience in organizing and managing play groups. The day was held as part of a unit the classes were studying pertaining to play and how it teaches the child about the world in which he lives. The day was thoroughly enjoyed and felt to be a success by all.

# Business Ed. Club

**The Business Education Club** is made up of business-oriented juniors and seniors. This includes a large segment of the student body at Leominster High School who are planning a career in the business field. Our club helps to make the students aware of the outside world of business by sponsoring speakers at assemblies as well as holding an annual career day. Career day brings in prominent leaders in industry and business as well as alumni to talk to the students. In addition to this, one of the main goals of the business club is to offer scholarships to deserving students of the business club who plan to continue their education or who will be entering the world of work.

**NONA L. OJALA**-BUSINESS ADVISOR

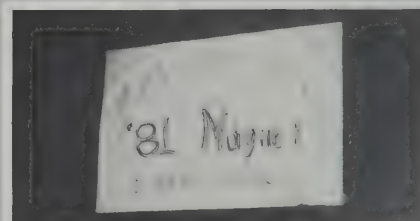

**The process of raising money** by the selling of yearbooks is a tremendous responsibility for anyone, but this years staff tackled that with eagerness and spirit. These are difficult times with inflation and soliciting for advertisements is much harder than ever before; however, our staff has done an outstanding job.

It has been a very rewarding experience being the Magnet Business Advisor this year. I have enjoyed working with a staff who has been dedicated, conscientious, and above all willing to give of their free time to tackle any task I needed done.

Having been an advisor for the past two years and this my final year, I will always be thankful for the time I spent with the Magnet. My very best wishes for a wonderful future to each member of the staff. May you always have pleasant memories of your time at Leominster High School.

**GILBERT TREMBLAY**-YEARBOOK ADVISOR

"Mr. T., we need more film."

"Hey, what happened to those pictures I left here last night?"

"Can we extend that deadline?"

Comments like these are daily occurrences if you're on the **Magnet** editorial staff. From the first organizational meeting in June to the last desperate panic in February, members of the staff are preoccupied with the many details - photography, layout, copy, editing - that go into the production of a high school yearbook. The final results are here before you.

## To the Yearbook Staff and the Class of "81":

I would like to take this opportunity to thank the many people without whose help this yearbook would not have been possible. All of you have helped tremendously, especially Ricky, Pam, Carol, Donna, and everyone in the yearbook homeroom as well as Barbara, Greg, and the other photographers. Your creative ideas and diligent work have made this book something we can all be proud of. I feel so privileged to have had this chance to meet and work so closely with all of you.

I also want to extend my warmest wishes to the Class of "81". I saw us pull together and have a great year. I hope this yearbook will help you to remember it next year as well as in future years.

Good Luck Seniors!

**The National Honor Society** is an organization that is representative of the fine student body that we have at Leominster High School. It is a society that has been a part of our school for many years and is, in fact, one of the oldest chapters in the Commonwealth of Massachusetts. Its primary purpose is to allow students who excel academically and show strong leadership, character and service qualities, to meet with each other periodically and participate in different activities sponsored by the organization. I am sure that I speak for the entire society when I say that with the indefatigable assistance and leadership provided by our two fine advisors, Dr. Moore and Mrs. Cavanaugh, the National Honor Society couldn't be a better organization than it is today.

# Chess Club

**The Chess Club** meets weekly to play club-rated games. Members compete for the top 5 positions on the contending team. In the past, this chess club has competed with other teams such as Notre Dame and Monty Tech. Future games will be played with Fitchburg High School, North Middlesex High, Oakmont, St. Bernard's, and Cushing Academy.

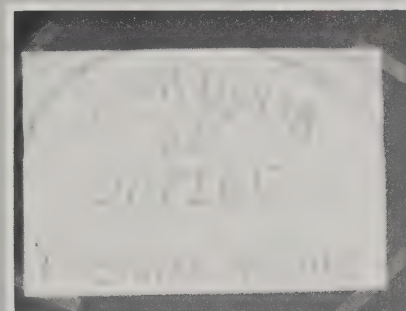

Presently this team is in the lead in this scholastic area. We hope our school's chess team will keep winning and go the the states.

Beat Notre Dame 4-1

Beat Monty Tech 4½-½

# **I HAVE A DREAM**

(Words and Music by Maria Gagne)  
(Solosist: Jennifer Cornacchia)

I have a Dream  
To Fly  
And When I Do  
You'll know there will be no Stopping Me.

I have a life  
To Live  
And Where I go  
I'll keep these memories.

There's a road in my life that is waiting for me.  
A path in the world of success  
With a prayer and a song and a sad farewell  
We'll reach for the sky up amidst.

This future of mine  
Will Hold  
Decisions  
And I Must Choose which is right.

I want to laugh  
And cry  
And be so Free  
Will you remember me?

***All Farewells Should be Sudden. - Byron***

***Goodbyes are never easy***, but none of us realized quite how hard leaving L.H.S. would be. None of us realized how seemingly fast 4 years could fly, nor how many heartaches, joys, successes, mistakes, friendships and memories one could cram into those years. It is too soon to say that these were the best years of our lives. In fact, most of us probably look forward to better times! Yet, they were not bad years we spent, and it is not without a tinge of regret that we leave behind L.H.S. - not the building, but all the special friends and acquaintances that made it much more than a building. While we promise ourselves and each other that we'll keep in touch, we realize we probably won't. Yet, we will always have abundant memories of our high school days; memories which the staff hopes this yearbook recalls; memories on which to build a solid future which will someday also become an "awesome" past.

This is not the end. It is not even the beginning of the end. It is rather the end of the beginning.
